I Want It All

Zucchero

[Intro - Birdman]Yeah
Birdman, always, priceless
Cash Money, Young Money
New money, swagged out
Uptown we in the building
[Chorus - Kevin Rudolf]I want it all, I want it all, I want it all, I want it all
I want it all, I want it all, I want it all, I want it all
I want it all
[Verse 1 - Birdman]Ride fly, always on chrome
Birds fly, count when we get home
Big money in the garbage can
New money every time we land
Big houses, new cars
Uptown, 3rd Ward
On the wall with platinum plaques
In the club throwing hundred stacks
She fly, my kind, and I brought her, inside
She saw the marble floors, popping bottles, blowing dro
She like just how I live
Private jets from Beverly Hills
Hundred mills on the platinum floor
Hundred mill' my son can glow
[Chorus][Verse 2 - Lil Wayne]I want the world

You want the pussy
I want the pearl
I want the life
I want tonight
My fruits of labor, I want them ripe
That's right, private flight
Money gets stacked to the highest height
Better get your math and science right
But I want the drama, God in light
I-I-I want the hype, but I don't believe it
I want it all, but I know I don't need it
Me, I just want what's due
And I, want, you
[Chorus][Verse 3 - Birdman]Diamond face, hundred on one streak
Every day, do it like it's no sleep

Around the way, tote because we got heat
Hundred G's in the chopper, new fleet
No money, never get no time
Get money, stay on a nigga mind
Priceless, strapped on a nigga street
Uptown, YMCMB
Got to, get it, fuck, crime, get, money, all the, time
Got to, know, about me, Birdman, O.G.
Harley Davis pull up to the sun shine
Tattoos, bloodline on mine
Billionaires, that's what it's about nigga
Billionaires, we get loud nigga
[Chorus]
