

Peace of Mind

The Killers

[Intro]

Oh, oh, oh, oh, oh

Oh, oh, oh, oh, oh[Verse 1]

There's no one on the radar, no creature in the grove

No reason to be hateful, life is a treasure trove

[Chorus]

And peace of mind is easy to find when the time is right

Come away, come away, come away, come here

Come, I'm callin', come[Verse 2]

We'll take a ship to Cairo, we'll find the Gods, I'm told

I heard the sun is blinding, I hear the streets are gold

We'll build a bridge to Eden and then we'll burn it down

We'll never leave, we'll never die, we'll never turn around[Chorus]

Well peace of mind is easy to find when the time is right

So come away, come away, come away, come here

Come, I'm callin', come[Bridge]

Peace of mind, peace of mind

When the time is right (When the time is right)

When the time is right (When the time is right)

Come away, come away, come away, come here

Come, I'm callin', come

Come away, come away, come away, come here

Come, I'm callin', come[Chorus]

And peace of mind is easy to find when the time is right

So come away, come away, come away, come here

Come, I'm callin', come[Verse 3]

It's rattling my bones now, it's rushing through my veins

Everything we know is purpose, there's no need to stay in chains

You've got to learn to let go, just let go and I'll let it be

And every fighter goes down, just slow down and turn the cheek[Chorus]

Because peace of mind is easy to find when the time is right

So come away, come away, come away, come here

Come, I'm callin', come[Outro]

Peace of mind is easy to find when the time is right

So come away, come away, come away, come here

Come, I'm callin', come
