

# If Anything Ever Happened to You

Bebe & Cece Winans

Sometimes I can't believe  
How much you mean to me  
I could never love anyone more When I feel so empty inside  
It's your love that helps keep me alive  
You rescued this lonely heart  
And I'd be so torn apart If anything ever happened to you  
How could I go on, tell me what would I do  
Oh I'd have to be strong, find a way to get through  
If anything ever happened to you As I lay here sleeping at night  
I pray God keeps you insight  
The thought of losing you makes me cry  
I don't think I could ever survive If anything ever happened to you  
How could I go on, tell me what would I do  
Oh I'd have to be strong, find a way to get through  
If anything ever happened to you Cece you know  
That I don't need possessions, oh babe  
'Cause after all, all we really need  
Is right here in our hearts  
The love in our hearts is right here in my heart I'd have to be strong  
Don't make a way  
If anything ever  
If anything happened to you If anything ever happened to you  
How could I go on, tell me what would I do  
Oh I'd have to be strong, find a way to get through  
If anything ever happened to you If anything ever happened to you  
How could I go on, tell me what would I do  
Oh I'd have to be strong, find a way to get through  
If anything ever happened to you If anything ever happened to you  
How could I go on, tell me what would I do  
Oh I'd have to be strong, find a way to get through
