

# Up to Us

Charles Pasi

Iâ€™ve paid my dues, made my confession  
But whatâ€™s the use of payinâ€™ attention  
If you let us down easy in the end  
Iâ€™m givinâ€™ up your angry way  
Forget about my evening prayers  
Iâ€™ll just take easy my friend

Itâ€™s up to you and me  
To change that world  
Weâ€™re livinâ€™ in  
Donâ€™t need no redemption

Youâ€™ve got your hands together  
Hopinâ€™ for answers  
But we need your hands  
To grab another manâ€™s land

Donâ€™t wait any longer  
For the holly prophet  
He wonâ€™t come back  
He gave it up  
He let us down  
And heâ€™s on vacation  
Now for a little while  
Iâ€™ll tell you why

Itâ€™s up to you and me  
To clear that world  
Weâ€™re livinâ€™ in  
Iâ€™m not hoping for salvation

Itâ€™s up to you and me  
To change that world  
Weâ€™re livinâ€™ in  
Donâ€™t need no redemption

But you donâ€™t seem to care  
For that lonely man begginâ€™  
You say you like humanity  
Not as much as your kitty

But youâ€™re all dressed up  
On Sunday morning  
Ready to leave  
When the church bells rings

Donâ€™t wait any longer  
For the holly prophet  
He wonâ€™t come back  
Donâ€™t wait any longer  
For the holly prophet  
Donâ€™t wait any longer  
For the holly prophet  
Donâ€™t wait any longer  
For the holly prophet  
And heâ€™s on vacation now he let us down  
Yes he did  
But thatâ€™s all right

---
