

# Best Years of Our Lives

## Orchestral Manoeuvres In the Dark

Where we're going, Heaven knows  
We're lost and falling and it shows  
And I know you won't believe me  
And I know it won't seem right And I beg you just to leave me  
When we'd argue and we'd fight  
But even as we stumble  
Through the darkness and the light  
You know these were the best years of our lives Sent to hurt me and you will  
Tear the seasons from the hill  
And I know you won't believe me  
And I know it won't seem right And I beg you just to leave me  
When we'd argue and we'd fight  
But even as we stumble  
Through the darkness and the light  
You know these were the best years of our lives And I know you won't believe me  
And I know it won't seem right  
And I beg you just to leave me  
When we'd argue and we'd fight But even as we stumble  
Through the darkness and the light  
You know these were  
The best years of our lives And I know you won't believe me  
And I know it won't seem right  
And I beg you just to leave me  
When we'd argue and we'd fight But even as we stumble  
Through the darkness and the light  
You know these were  
The best years of our lives
