Point Nine

QUARTERBACKS

i've only known you
nine tenths of a percent of my life
and you've only known me for
point eight of yours but
there's something in the way we kiss that
keeps me assuredi have no expectations for the future
the present's too perfect to think about that
sometimes i wonder if i should slow down
make sure my heart stays intact
but i trust you
because it feels
like i can
and i can't worry
about anything
while you're holding my hand
i can't keep
my heart from beating
twice as fast as it
normally would
because even if
i wanted to stop it i don't
think that i coulddon't think that i could
and why would i want to
you've always felt so good
