

Porphyria (Envy)

Adore Me Not

Wake up! Don't open your eyes!
Keep them closed. You're afraid of the flies.â€œNow open up and you're going to see
that this fucking nightmare was not only a dream.
You can see clearly now although it is darkâ€œlonging for brightness from inside of your heart.
But you'll never reach it in this very life.â€œThere is just no chance to feel what it's like
to be in front of the light
to be in front of the light
of the light
of the lightâ€œ
of the light
of the light
of the lightâ€œ
I'm not hole I am only a few.
Just guess, I'm even less when I think of you.
Meeting you is like burning in hell.
The pain's so bad I can hardly tell.
My deepest needs go hand in hand with you
on the path where I'm damned to screw.
A step to the window could be my certain end.
I will not bow, bother or bend.
Thoughts are nothing only actions do count.
They say stay here and lay down on the ground.
But I'm not listening.
You could probably guess
I need you and I will never confess
I will never confess
never confessThere is just no chance to feel what it's like
to be in front of the light
to be in front of the light
of the light
of the light
of the light
of the light
of the light
of the light
