# Dragon Ball (Demo)

## McFly

Picking up the pieces of
My heart left on the floor
Like it was written in the stars
That I was meant for something more
Now I'm the one man
I'll be fighting
everybody's warWill I survive?
I must surviveThe world is on my shoulders
So much pressure to prevail
This is the story of my life and
It's a sad and lonely tale
So what the point in trying
If your destiny's to fail
You won't survive
But I must surviveI'm on the run from everyone
Where moons and suns collide
My backs up against the wall
I'll never fall when I find all the
Dragon BallsNights are long and restless
Dangers always somewhere near and
I'm not saying
I'm a hero
But I'm prepared to face the fear
We'll send people running
When they hear my army cheer
We will survive
Cause we will surviveI'm on the run from everyone
Where moons and suns collide
My backs up against the wall
I'll never fall when I find all the
Dragon BallsEvil's not forgiving
We will never give in
Until were not living
Do you hear me?Evil's not forgiving
We will never give in
Until were not living
Can you hear me?Evil's not forgiving
We will never give in
Until were not living

Can you hear me?I'm on the run from everyone
Where moons and suns collide
My backs up against the wall
I'll never fall when I find all the
Dragon Balls
