

# You Will Find Me

## World5

Nobody knows me like You do  
Every move I make  
You know my thoughts from a distance  
And understand all my ways  
Before a word's even spoken  
You know what it will be Your strong arm around my life Is like a hedge surrounding me  
Where can I hide from Your Spirit?  
Where can I run from Your gaze?  
Wherever I go I know Your hand will guide me  
You'll find me  
You'll find me You set my journey in motion  
In days made just for me  
Already penned on Your pages  
Before one ever came to be  
How precious are Your thoughts to me  
How awesome to conceive  
My life is an open book  
You search me and You know me Where can I hide from Your Spirit?  
Where can I run from Your gaze?  
Wherever I go I know Your hand will guide me  
You'll find me  
You'll find me If I hide in the heavens  
Or make my bed in the deep  
From the wings of the dawn to the edge of the sea  
Even there  
You will find me
