

Fine Day (John Peel Session)

Robin Trower

Trower-Dewar
It's a fine day,
There's nothing moving in the sky
It's a fine day,
Cross my heart and hope to die
Stay with me baby
The love's in your eye
So good being alive
On a fine day
It's a new day,
I feel so good this morning
It's a new day,
There's a promise in the dawning
Stay with me baby
The love's in your eye
So good being alive
On a fine day
(Solo)
Stay with me baby
The love's in your eye
So good being alive
On a fine day
It's a fine day,
Now the story is unfolding
Oh, in his hands,
In his hands our lives he's holding
Stay with me baby
The love's in your eye
So good being alive
On a fine day
