Freedom

Danny Django

Chorus:
Freedom, Freedom
Is it important to you
Spoke by the wise
But mostly by fools now lately
Freedom, Freedom
Which one you gonna choose
Let?s be careful cause there?s so much to loose
Of our Freedom, Freedom

Verse 1:
They tell us daily that they?ve got a plan for Freedom
But they won?t say what it is
Is it a sham to send us out fighting dragons
Led by Flim-Flam men selling snake oil from a wagon?

Chorus:

Verse 2:
Don Quixote is a has been who?s been out fighting windmills, drainpipes and vast armies of sheep
He boasts of Socratic chinks in his armor
And how everythings? progressing on and on and on now

Chorus:
Let freedom rain a hard reign everywhere let?s let freedom reign So they say
Burn the roots of Society daily and let your Freedom rain

Verse 3:
You?re free to say anything as long as we all agree
And so the headlines read
?Don Juan is a Poor Soul Everybody Wants To Get To Know?
But he said something wrong so he?s investigated daily

Chorus:
