

Rudder

[Bettie Serveert](#)

Bow down for the band on the cover
They seem to make it all across the USA
Bow down, the band's been discovered
They even made it on the R.S-tones these days
What a beautiful noise
What an obvious choice
But the records seems to do so well
And everybody loves a band that sells
So why should it happen for me
If it could happen for you?
It's not like a major catastrophe
It's something you choose
So many people believe
That they could achieve anything
Worth their while
Anything worth a smile
Lying flat on the floor
Get the lock off your door
You want something to d
Make a record or two
Bow down for the band on the cover
They seem to make it all across the USA
Bow down, the band's found a rudder
And now they finally hit the charts
They're on their way, what a beautiful noise
What an obvious choice
Now the record seems to do so well
And everybody loves a band that sells
