

# Jambalaya

## Rapper Big Pooh

[Verse 1]

Half a score I reported you retorted  
I'm the tortoise  
You the hare  
People stare when you care  
Inviting fear listen here  
I ain't fare  
This a circle there's a square  
Hear the swears from the squares pegging themselves as the present  
Kings disassociate from peasants  
Who should be impressed by the presence  
I come baring gifts  
Jumping off the proverbial cliff  
Take a dip  
Bitches strip for the chance to shake it good for a caretaker  
Taking good care of niggas paper  
They don't love you when you broke  
When you holding bitches catch the vapors  
Catch an L bumping "Rolling Papers"  
Honey Jack no chasers please...do me no favors  
Different flavors  
Sweatpants pair of gators  
These are players in the lobby of the Ponchartrain  
Thinking I done gone insane  
Throwing money all in vein  
Pick it up  
That's change  
Knowing from this day forward I'll never be the same  
Niggas know[Hook]  
Yo, I got it  
Yo Yo I got it  
Put it in a pot stir it up it's all logic  
Yo, I got it  
Yo Yo I got it  
Put it in a bowl serve it up it's all profit  
Yo, I got it  
Yo Yo I got it got it[Verse 2]  
This is Hip Hop  
Niggas wearing flip flops

Thinking they the shit cause they designer  
Fucking prima dona's  
I do this for wonder rhymers  
Respect to the old timers  
I'm the snake charmer  
Comma  
The one you don't want it with  
Niggas scared to death  
Who he running with?  
Me  
I don't need no cosign I'm like the government  
Counting my coins  
This is life depicted by Donald Goines  
Feel sorry for the fruit of my loins  
This the earth you inherit  
Here's a carrot to the horses in the back  
9th Wonder all over the track  
Niggas know  
This the glow of Bruce Leroy  
Smashing all decoys  
Regroup nah niggas here to recoup and destroy  
I'm out of for everything  
Money and the props  
Pooh and 9th back to slangin' that dope  
This red tops[Hook]  
Yo, I got it  
Yo Yo I got it  
Put it in a pot stir it up it's all logic  
Yo, I got it  
Yo Yo I got it  
Put it in a bowl serve it up it's all profit  
Yo, I got it  
Yo Yo I got it got it
