

# The Hype

## twenty one pilots

[Verse 1]

Sometimes I feel cold, even paralyzed  
My interior world needs to sanitize  
I've got to step through or I'll dissipate  
I'll record my step through for my basement tapes [Chorus]  
Nice to know my kind will be on my side  
I don't believe the hype  
And you know you're a terrible sight  
But you'll be just fine  
Just don't believe the hype [Verse 2]

Yeah, they might be talking behind your head  
Your exterior world can step off instead  
It might take some friends and a warmer shirt  
But you don't get thick skin without getting burnt

[Chorus]

Nice to know my kind will be on my side  
I don't believe the hype  
And you know you're a terrible sight  
But you'll be just fine  
Just don't believe the hype [Bridge]

No, I don't know which way I'm going  
But I can hear my way around  
No, I don't know which way I'm going  
But I can hear my way around  
No, I don't know which way I'm going  
But I can hear my way around  
No, I don't know which way I'm going  
But I can hear my way around  
But I can hear my way around

[Chorus]

Nice to know my kind will be on my side  
I don't believe the hype  
And you know you're a terrible sight  
But you'll be just fine  
Just don't believe the hype (don't believe the hype)  
Nice to know my kind will be on my side  
I don't believe the hype  
And you know you're a terrible sight  
But you'll be just fine

Just don't believe the hype  
Nice to know my kind will be on my side  
I don't believe the hype  
And you know you're a terrible sight  
But you'll be just fine  
Just don't believe the hype
