You Got Me Good

Cimorelli

[Lisa:]
Alright, alright, I'll admit it

[Amy:]
I like the way you rock it out
You're like my first big break
You know I love what you're all about
You gave 'em more than you take
You got me thinkin' ([Lisa:] Thinkin')
There's a reason ([Lisa:] Reason)
I've never felt this way 'bout anyone before

[Lisa:]
> You're the one chance I didn't wanna take
But if I had not, it would've been my biggest mistake

[Cimorelli:]
Ooh, baby, you know you got me

[Christina with background vocals by Cimorelli:]
You're the last thing I wanted
But the first thing I need
Oh, baby, there's no escapin'
Ooh, you got me good, uh oh

[Katherine:]
I know I'm in the right place
When we're dancing in your car
You know I love they way you say

[Katherine and Cimorelli:]
"I like you just the way you are"

[Dani:]
You got me thinkin' ([Lisa:] Thinkin'!)
There's a reason ([Lisa:] Reason!)

[Dani and Amy:]
I've never felt this way 'bout anyone before

[Lisa with background vocals by Cimorelli:]
I gotta hold myself back
You're the best I've got
You know just where I'm at

[Christina with background vocals by Cimorelli:]
Ooh, baby, you know you got me
You're the last thing I wanted
But the first thing I need
Oh, baby, there's no escapin'
Ooh, you got me good, uh oh

[Lauren:]
It doesn't get better than this ([Cimorelli:] No!)
I felt something I never knew I missed

[Lauren with background vocals by Cimorelli:]
You're the mac to my cheese
The drum to my beat
The converse to my feet

[Lauren:]
If you were a grade, you'd be an A plus
Yeah!

[Christina with background vocals by Cimorelli:]
Ooh, baby, you know you got me
You're the last thing I wanted
But the first thing I need

[Cimorelli:]
Oh, baby, there's no escapin'
Ooh, you got me good ([Lisa:] Hey, hey, hey, hey, hey!)
Ooh, baby ([Katherine:] Ooh, baby!), you know you got me
You're the last thing I wanted
But the first thing I need ([Katherine:] First thing I need)

Ooh, baby, there's no escapin'
Ooh, you got me good
Oh, oh ([Amy:] Got me, yeah)
Ooh, baby, you know you got me
You're the last thing I wanted
But the first I need
Ooh, baby, there's no escapin'
