

# Strong Hand

[Beverley Knight](#)

Remember the time, I needed more than loving  
The reassurance that someone cared for me  
You gave completely, with no conditions added  
I'm standing by you for your time of need, you will seeLean on me  
I'm your strong hand  
I'm your strong handLean on me  
I'm your strong hand  
I'm your strong handLet me enfold you, in love that feels familiar  
I see you're hurting, I'll take your pain away  
Rivers of sorrow flow only for a season  
Into the sea of tranquility, you will seeLean on me  
I'm your strong hand  
I'm your strong handLean on me  
I'm your strong hand  
I'm your strong handAh yeah, lean on me  
You will see you're in my safety zone  
You know  
That my hand is strongLean on me  
You will see you're in my safety zone  
(You know)  
That my hand is strongYou, you can lean  
Yes you can  
You can lean, ooh oohLean on me  
I'm your strong hand  
I'm your strong handLean on me  
I'm your strong hand  
I'm your strong handLean on me  
I'm your strong hand  
I'm your strong handLean on me  
I'm your strong hand  
I'm your strong hand
