

# Magical Mistakes

## Athlete

You'll always be my pretty dancer  
Spinning trails of fairy dust  
Making moves like nobody else  
On your own  
If anybody needs a reason it's right here Giving me shockwaves  
Those magical mistakes  
Sending shockwaves through my atmosphere  
If anybody needs a reason it's right here If those eyelids were the shutter to my camera  
Maybe I would see the world in different light  
You wear that smile like nobody else  
On your own  
If anybody needs a reason it's right here Giving me shockwaves  
Those magical mistakes  
Sending shockwaves through my atmosphere  
If anybody needs a reason it's right here Stay gold  
Keep your balance on the tightrope  
Chasing after  
My pretty dancer Giving me shockwaves  
Those magical mistakes  
Sending shockwaves through my atmosphere  
If anybody needs a reason it's right here Giving me shockwaves  
Those magical mistakes  
Sending shockwaves through my atmosphere  
If anybody needs a reason it's right here
