

Moments (feat. Ale Blake & Broono)

Sasha Lopez

Get into biology
as long as you're on top of me
won't let you out of the bedroom
until i see what's on your menu
dringking all the liquor down
burn this party to the ground
freaky and wild, it's getting loud
and dangerousIt's a beautiful life
oh oh oooo
it's a beautiful life
oh oh oooo
it's a beautiful life
oh oh oooo
i just wanna be here beside youIt's a beautiful life
oh oh oooo
it's a beautiful life
oh oh oooo
it's a beautiful life
oh oh oooo
i just wanna be here beside youWe got the power so tonight we jump up and down
shake what your momma gave to you
and let's have some fun
turn up the fire in you
let the beat just blow your mind
live like there's no tomorrow
dance and don't waste your timeAll you want is in this moment
got the fire so just let go for tonight
all you want is in this momentIt's a beautiful life
oh oh oooo
it's a beautiful life
oh oh oooo
it's a beautiful life
oh oh oooo
i just wanna be here beside youIt's a beautiful life
oh oh oooo
it's a beautiful life
oh oh oooo
it's a beautiful life
oh oh oooo

i just wanna be hereeeeC'mon everybody let me see your hands up
we gonna have a big party in the club
