Winged Phallus

Nastrond

My rod is athrust, erection
Vaginal praying, love-growth
Through the flames of hell,
Comes the Lord of the Earth
Death (life) behind nine months
Infernal ones, come forth
Bring us sin to revel in
Systems are inverted
Pink hour before weakness
In nomine magni dei nostri Luciferi
Intoibo ad altare domine inferi
Qui regit terram
Domine inferi
Qui regit terram
Ostende nobis domine Asmodeus
Qui regit terram
Ego vos bedictio in nomine magni dei nostril SatanasWe hail you, Lord of Darkness
We entreat you that you receive and accept our sacrifice.
That makes us prosper in the fullness and length of life
Under thy protecting hands (and wings) we shall stand proud
Grant me the powers of which I speak
Listen to your children's tongue
Lucifer, be the torch to lead us through your kingdom
Morningstar light up the world, that they may hear
Your fallen angels are reborn through us (365)
Their strength in our mind body and will
To the awakening of the inner force
Goat horns be thy sign (cloven hooves, thy sigil)
Fly up higher than the golden throne
High above the valued lie of heaven
Honor Lord of the Earth
Through our acts we pay you tribute
Through our making and satisfaction we are you
Lucifer, winged phallus
