Wolfendale

I am faded
Can't keep playing
Messed up
Locked down
Kicked in
Knocked outHelp me
You've never been for me, cause everytime I see you
Everything is me, me, me
Well fuck youI'm stuck inside my little cell
I'm sick of trying to get you
You couldn't see how much it means
Just kill me off and let it goI am melt down
Slipped up
Washed out
See me fading
Locked in
Knocked outHelp me
You've never been for me, cause everytime I see you
Everything is me, me, me
Well fuck youI'm stuck inside my little cell
I'm sick of trying to get you
You couldn't see how much it means
Just kill me off and let it go
Now take it away
