

Baebz

Ramriddlz

[Verse 1]

She got the nani like no one else
She put it on me like no one else
Hakuna matata, you can be yourself
I lay back, she help herself
I break backs, I don't need no help
She on my waist, I don't need no belt
Bounce on it baby, go and do your reps
Bounce on me baby, come relieve my stress
My cum to sweet for your tongue
My kush too strong for your lung
Bounce on it baby, go and do your reps
Bounce on me baby, come relieve my stress[Refrain]

No need to fight

I can see it in your eyes that you're high

Hypnotized by them hips and thighs

If she don't go up, down she get left, right[Hook]

Baby come through tonight

You got me feeling right

Trying to get in them thighs

I could do it all damn night

Baby come through tonight

You got me feeling right

Trying to get in them thighs

I could do it all damn night[Refrain]

No need to fight

I can see it in your eyes that you're high

Hypnotized by them hips and thighs

If she don't go up, down she get left, right[Verse 2]

She said don't be cocky

But she want the cocky-tip

Slap it like hockey stick

Mi nuh do weakness

Brows on fleekness

Cheeks on sweetness

Out here causing trouble

Shawty getting wet tryna play in that puddle

Tryna rub and cuddle

Pop that bubble-butt

But don't get too crazy
I need a freak and a lady[Refrain]
No need to fight
I can see it in your eyes that you're high
Hypnotized by them hips and thighs
If she don't go up, down she can left, right[Hook]
Baby come through tonight
You got me feeling right
Trying to get in them thighs
I could do it all damn night
Baby come through tonight
You got me feeling right
Trying to get in them thighs
I could do it all damn night[Verse 3]
Slow it down
Keep it up
Pineapple Crush
Holy hell
Baby cakes like Baby Mel
Good girl but she wanna get down
Out in Miami they hear that sound
Pussy wet, and I just might drown[Hook]
Baby come through tonight
You got me feeling right
Trying to get in them thighs
I could do it all damn night
Baby come through tonight
You got me feeling right
Trying to get in them thighs
I could do it all damn night
