## Sylvan Esso

Ohio small road  
colored lights in the night  
find some hand to hold  
let the car coast with no lightsohweeohweeoh kids move so slow  
moon in the window and no girls on the floorohweeohweeoh kids move so slow  
dudes are wrapped around each other drinking and the sweat is fallin'ohweeohweeoh kids move so slow  
jumped across a river I don't know where to goohweeohweeoh kids move so slow

rotten loverswill it say I want you  
to see all the ways I can move  
to see how a skin so smooth  
to see how my blood runs bluepull at the hand that moves you  
'tis the heartbeat, don't fight  
let your limbs flare in the mood  
like you're a wild thing through the nightand how can we question  
what we know feels right  
black eyes turn to marigolds  
in the morning lightohweeohweeoh kids move so slow  
shakin' all the water off like dogs at the poolohweeohweeoh kids move so slow  
they're kickin' all the records over actin' like they hanging waterohweeohweeoh kids move so slow  
down in the basement where the sun don't showohweeohweeoh kids move so slow
