

Coming to Terms

[Dani Shay](#)

I'm coming to terms with the fact that im not as strong as i lead on
and im coming to terms with the fact that im wrong, sometimes
and as hard as it is for me to be the person that no body wants to see
i was crawling in my skin
and hiding in that shell
and i was dying in my skin
like laying down in hell
but now im free-----
oh now im free yeah woah---
oh now im hey hey hey
dont u walk away while i am talking to you
i still have more to say, i'm only halfway through to you
to you
and im coming to terms that true human connections is hard to come by
im coming to terms with the fact that its ok to feel that its ok to cry
and those are the reasons why
im not crawling in my skin
or hiding in that shell
and im not dying in my skin
or laying down in hell
yeah now im free---
oh now im free yeah yeah woah----
oh now im oh oh oh
i want you to know it hasnt been so easy
learning to let go of your perception of me
your perception
but im coming to terms with the fact that in life i am bound to have self doubts
im coming to terms with the fact that my road is not already mapped out
and as easy as it would be to take the picture you created and turn it into me until i suffocated
i would be--- i would be-----
crawling in my skin
and hiding in that shell
i would be dying in my skin
like laying down in hell
but now im free---
yeah now im free oh now im free oh oh oh oh
