

# Raise Your Glass

## Blaine

Right, right turn off the lights  
We gonna lose our minds tonight  
    What's the dealeo?  
I love when it's all too much  
    5 a.m., turn the radio up  
    Where's the rock and roll?  
    Party crasher, panty snatcher  
    Call me up if you a gangster  
    Don't be fancy, just get dancey  
    Why so serious?  
So raise your glass if you are wrong  
    In all the right ways  
    All my underdogs, we will never, never be  
    Anything but loud and nitty gritty, dirty little freaks  
    Won't you come on and come o, and  
    Raise your glass  
    Just come on and come and  
    Raise your glass  
    Slam, slam, oh hot damn  
    What part of party don't you understand?  
    Wish you'd just freak out  
    Can't stop coming in hot  
    I should be locked up right on the spot  
        It's so on right now  
        (It's so fucking on right now)  
        Party crasher, panty snatcher  
        Call me up if you a gangster  
        Don't be fancy, just get dancey  
        Why so serious?  
So raise your glass if you are wrong  
    In all the right ways  
    All my underdogs, we will never, never be  
    Anything but loud and nitty gritty, dirty little freaks  
    Won't you come on and come on, and  
    Raise your glass  
    Just come on and come and  
    Raise your glass  
    Won't you come on and come on, and  
    Raise your glass

Just come on and come and  
Raise your glass  
Oh shit, my glass is empty  
That sucks  
So if you're too school for cool  
And you're treated like a fool  
You could choose to let it go  
We can always, we can always party on our own  
So raise your, so raise your glass if you are wrong  
In all the right ways  
All my underdogs, we will never, never be  
Anything but loud and nitty gritty, dirty little freaks  
So raise your glass if you are wrong  
In all the right ways  
All my underdogs, we will never, never be  
Anything but loud and nitty gritty, dirty little freaks  
Won't you come on and come on and  
Raise your glass  
Just come on and come and  
Raise your glass  
Won't you come on and come on and  
Raise your glass for me  
Just come on and come and  
Raise your glass for me
