

Saturday Night

Yukon Blonde

Forget about the golden girl,
A lost baby in a bitter world,
Well I'm bitter and she's,
Lalala lalala lalala lalala So what if I don't look right?
I get hit if I'm in the wrong site
Well that girl is doomed forever
Lalala lalala lalala lalala Saturday night on the town
Open your arms to me
And let me dive in the waters around
Your eyes are an ocean Saturday night on the town
Open your arms to me
And let me dive in the waters around
Your eyes are an ocean She's a trigger that golden girl
And in her presence I'm a passenger
A stone wall I'm helpless and all like
Lalala lalala lalala lalala I can't breach this bubble of life
I'm suffocating, I'm hypnotized
It looks like I'm doomed forever
Lalala lalala lalala lalala lalala lalala lalala Saturday night on the town
Open your arms to me
And let me dive in the waters around
Your eyes are an ocean Saturday night on the town
Open your arms to me
And let me dive in the waters around
Your eyes are an ocean Forget about the golden girl
Forget about the golden girl
Forget about the golden girl Saturday night on the town
Open your arms to me
And let me dive in the waters around
Your eyes are an ocean Saturday night on the town
Open your arms to me
And let me dive in the waters around
Your eyes are an ocean
