## **Plastic**

## **New Order**

Got a feelin' in my head Feels like thunder overhead Intoxicated, can't stop the flow

This love is poison, but it's like goldGive me direction out of the fold

Show me affection, I'll sell ya' my soulIt's official, You're fantastic

You're so special (So special), So iconic (So iconic)

You're the focus (The focus), of attention (Attention)

But you don't want it (You don't want it), cos' you're so honestIf you break me, will u fix me?

And if I'm missin', will u miss me?

I'll regret it til' the day I die

Until u knew it was in my headFeels like thunder, it's gettin' cold

This love is poison, but it's like goldIt's official, You're fantastic

You're so special (So special), So iconic (So iconic)

You're the focus (The focus), of attention (Attention)

But u don't want it (You don't want it), cos' you're so honest (You don't want it) You don't want itIt's official,

You're fantastic

You're so special (So special), So iconic (So iconic)

You're the focus (The focus), of attention (Attention)

But u don't want it (You don't want it), cos' you're so honest (You don't want it)One of these days, one of these days

Right when u want me, baby, I'll be gone Cos' you're like plastic, you're artificial You don't mean nothin', baby, so superficial
