THIBODAUX

Written by Chris Stuart

Recorded by Claire Lynch on "Moonlighter", 1995

Rounder Records Young doctor in a straight back chair

Talkin' about me like I'm not there

Tell my mama I just can't stop

Say my elevator don't go to the top Oh doctor but I've got a plan

If I make it to Louisian'

'Cause I know a Creole boy who makes it easy as a

un and a deux and a trois I'm goin' down to the blue bayou

Change my name to Thibodaux

And when they play that Fais Do Do

Dance all night if ya dance real slow

Drop a line in the Pontchartrain

Swim with the crawdad and the crane

And when they find me out in the rain

Be sure and tell 'em Thibodaux's my name Well a poor man wants what a rich man's got

But all I want is a crawfish pot

A bucket of bait and a foldin' chair

And the kind of lovin' that you get down there Mon cherie, won't you go my way

Where the fiddle and accordion play

And we'll write a Cajun song that gets 'em movin' with a

un and a deux and a trois I'm goin' down to the blue bayou

Change my name to Thibodaux

And when they play that Fais Do Do

Dance all night if ya dance real slow

Drop a line in the Pontchartrain

Swim with the crawdad and the crane

And when they find me out in the rain

Be sure and tell 'em Thibodaux's my name
