Poison

One Voice

One Voice Lyrics : Poison
I met this guy a year ago
somewhere down south in Mexico
He was dancin' and he was baskin'
And I was thinking Damn have to have him
I slash right by to catch his eye
Looked out for a minute
And there he was goin by
We're Hangin' and he was wealthy
And I was going oohh Sema Hundai
Guess I was caught up (Quit playin)
To blame that funny up/stuff
If I would of known back then
(I) probably wouldn't test my luck(Quit Playin)
Playin his silly games
(He) killed me with his touch (Quit Playin)
Killin me with his kiss
(I) Just couldn't get enough
He's poison, He'll hurt you
He got me before you (He's Lyin)
He's so smooth its so use
He's poison he'll get you
He's Poison, he'll get you (He's Lyin)
He got me before you (He's Lyin)
He's so smooth, its no use
He's poison he'll get you
From the dance floor to his estate
We were speeding all down the highway
We were kissing and rubbin
So addictive to his lovin'

Guess I was caught up (Quit playin)
TO blame that funny stuff
If I would of known back then
(I) probably wouldn't test my luck(Quit Playin)
Playin his silly games
(He) killed me with his touch (Quit Playin)
Killin me with his kiss
(I) Just couldn't get enough

He's poison, He'll hurt you
He got me before you (He's Lyin)
He's so smooth its so use
He's poison he'll get you
He's Poison, he'll get you (He's Lyin)
He got me before you (He's Lyin)
He's so smooth, its no use
He's poison he'll get you
For all you, girls out there
He's poison so beware
He'll get you to love him
And then he'll...
Disappear, Disappear OH!
He's poison, He'll hurt you
He got me before you (He's Lyin)
He's so smooth its so use
He's poison he'll get you
He's Poison, he'll get you (He's Lyin)
He got me before you (He's Lyin)
He's so smooth, its no use
He's poison he'll get you
(To Fade)
