

# None Shall Remain

## Dehumanized

Armageddon  
They wage a holy war  
In the name of God  
Blind faith  
Fueled by hate  
Bible of lies  
Hiding behind your mask  
Concealing cowardliness  
Behead the innocent  
With pure prejudice  
Deceit  
Fear  
By way of terror  
There is no chance to succeed  
A useless cause they fight  
Marked for death  
Violence begets violence  
Fierce retaliation  
The blood will spill as we destroy abomination

There is no escape  
Blow delivered swift  
You're dead  
Martyrdom achieved  
As you cry in pain  
There is no escape  
Blow delivered swift  
You're dead  
Martyrdom achieved  
As you cry in pain

Judgment has been passed and the sentence is death  
Foolish extremist  
Feel the wrath of your God  
Judgment has been passed and the sentence is death  
Foolish extremist  
Feel the wrath of your God

None shall remain
