Wild Heart

Desiree Dawson

My bones have been talking, to the blood in my veins
My skin has been singing, songs of joy, song of praise
My eyes have been loving, loving deep, loving hard
Seems like a choir keeps chanting, wild one claim your heart

W-I-L-D this is no new news for me, but it might be news for you. Imma let my wild heart run true.
W-I-L-D this is no new news for me, but it might be news for you. Imma let my wild heart , wild heart run true.
Wild, wild, wild, wild

Wild heart, there's no need to tame, no need to tame all the ghosts
No time for shame no time shame.
Wild heart, I've watched you grow, let go of the story you tell yourself and just show.

W-I-L-D this is no new news for me, but it might be news for you. Imma let my wild heart run true.
W-I-L-D this is no new news for me, but it might be news for you. Imma let my wild heart run true.
Run, run true, run run
Home is where love is, the love is always home
Home is where heart is, the heart is always home
Home is where love is, the love is always home
Home is where heart is, the heart is always home
Oh, oh, home, oh home
Wild heart
