Six Feet Under

Like a Storm

Advisory - the following lyrics contain explicit language:

Look into my eyes
And see the fire inside of me
I've come too far to die
Like a forgotten memoryYou think I'll fade away
One foot in the grave
But I will rise againYou won't bury me
You won't bury me
I am free, I will be, I vow
I'm not dead and gone
I will carry on
With no fear, I am here, I am nowI'm not going down
Six feet undergroundYou kicked me when I fell
Thought you had seen the last of me
Fought my way back from hell
So don't expect my eulogyYou think I'll fade away
But a single flame
Ignites the fire againYou won't bury me
You won't bury me
I am free, I will be, I vow
I'm not dead and gone
I will carry on
With no fear, I am here, I am nowI'm not going down
Six feet underground(Get up)
Get up!You think I'll fade away
One foot in the grave
Look into my eyesYou won't bury me
You won't bury me
I am free, I will be, I vow
I'm not dead and gone
I will carry on
With no fear, I am here, I am nowI'm not going down
Six feet underground

I will not go down
Six feet underground
