

You Are The One

S Club Juniors

Have you ever had a friend that never let you down
Right by your side every night and day
Always hear you when you're calling
Catch you when you're falling
Have somebody show you the way

It's okay
Now I know
There is a love for everyone
I will go on
With you here
By my side

You are the one I want to love
You are the one I'm dreaming of
Whenever I'm down and feeling lonely
You are there to hold me
With you all my troubles are gone

You are the one I want to love
You are the one I'm dreaming of
Whenever I'm down and feeling lonely
You are there to hold me
With you all my troubles are gone

You are

Have you ever had a dream or a fantasy
Do you believe that love will come your way
Always there to see you smiling
Hold you when your crying
Tell you everything is alright

It's okay
Now I know
There is a love for everyone
I will go on
With you here
By my side

You are the one I want to love
You are the one I'm dreaming of
Whenever I'm down and feeling lonely
You are there to hold me
With you all my troubles are gone

With you all my troubles are gone

You are the one (oh yeah)
My only one (my only one)
I do believe (I do believe, yes I do)
In you and me (oh yeah)

You are the one I want to love
You are the one I'm dreaming of
Whenever I'm down and lonely
You are there to hold me
With you all my troubles are gone

You are
