# Running Around in My Dreams (Instrumental)

## Tyrone Wells

YeahIt was one of those moments
When everything changes
She was, climbing out of a Chevrolet
On the passenger's sideI must've been staring
'Cause when I caught her eye
It seemed like
I had been looking at her for all of my lifeSo I said
Why don't you come and go with me
Somehow I know, I've waited my whole life to see
You standing there with the wind in your hair
I'm as sure as a boy, could be
You are the girl that's been running around in my dreams
You are the girl that's been running around in my dreamsHeyOnce in a lifetime does not happen again
So I, took a chance in a gamblers' game
Put my heart on the line
And maybe I'm crazy, but I'll never regret
What I said to a girl I knew, before we even metAnd I said
Why don't you come and go with me
Somehow I know, I've waited my whole life to see
You standing there with the wind in your hair
I'm as sure as a boy, could beYou are the girl that's been running around in my dreams
You are the girl that's been running around in my
Hey, I finally found you
I've been dreaming about you, yeah
You are the girl that's been running around in my
Hey, I finally found you
I've been dreaming about you
You are the girl that's been running around in myWhy don't you come and go with me
Somehow I know, I've waited my whole life to see
You standing there, with the wind in your hair
I'm as sure as a boy couldWhy don't you come and go with me
Somehow I know, that this changes everything
You're standing here, it's crystal clear
I'm as sure as a boy, could beYou are the girl that's been running around in my dreams
You are the girl that's been running around in myHey, I finally found you
I've been dreaming about you, yeah
You are the girl that's been running around in my
Hey, I finally found you
I've been dreaming about you

You are the girl that's been running around in my dreamsYou've been running around in my dreams
You've been running around in my dreams
You are the girl that's been running around in my dreams
