

Words Meet Heartbeats

Parachute

Well I'd go house to house and knock on every door,
I'd take down all the walls and tear up every floor,
Just to figure out, oh what we're fighting for
And all I can do,
Is sit and let the air speak for you

Cause when words meet heartbeats baby c'mon
You know it's not even fair
And a first round, knockdown
Baby the floor
You know I'm already there
And the sun sets high, and that moon is low
Oh cause when words meet heartbeats
Baby you'll know

Well there's silence now
There's nothing more to gain
And it isn't right if I can't run away
Because it kills the mood,
When there's nothing left to say
And all I can do,
Is sit and let the air speak for you

Cause when words meet heartbeats baby c'mon
You know it's not even fair
And a first round knockdown
Baby the floor
You know I'm already there
And the sun sets high, and that moon is low
Oh cause when words meet heartbeats

And I'm not too tired, I'm not too tired to know what you're doing
And I'm not too tired, I'm not too tired to see
And I'm not too tired, I'm not too tired to know what you're doing with me

Cause when words meet heartbeats baby c'mon
You know it's not even fair
And a first round knockdown
Baby the floor
You know I'm already there

And the sun sets high, and the moon is low
Oh cause when words meet heartbeats
Oh when words meet heartbeats
Oh when words meet heartbeats
Baby you'll know
