

Give What You Got

[Alanis Morissette](#)

You've got to give it all to baby
You know I want it all for me
I wanna get to know you baby
Is that a possibility Hey, you're my man, I'm your woman
And I'm not too proud to tell you
What you do to my head
I'm not kiddin' You've got everythin'
That any girl would want, yes you do
You're just wishin'
Well it's time you know the truth and that is When you are beggin' me for money
Just got to tell me what you need
But if you want my lovin' buddy
You've got to get down on your knees You've got to give what you got
And take what I'm givin' you baby
You've got to want what you see
And see what I'm givin' away Hey, stick with me, I'm your momma
And you can run to momma
Every time you skin your knee
No one ever
Could ever take your place
The way you move makes me hot Let me tell you
You won't be satisfied without me
You've got to give it all to baby
You know I want it all for me
I wanna get to know you baby
Is that a possibility You've got to give what you got
And take what I'm givin' you baby
You've got to want what you see
And see what I'm givin' away
