Complaint In the System (feat. Veronica Guerin)

Savatage

Got a complaint in the system
Got a complaint in the system
Got a complaint in the system
Got a complaint in the systemWelcome to the system
Here's the situation
It's a bit confusing
Welcome to the mazeEverybody sees what
Everybody wants to
Everyone avoids
Every other gazeI will be your mentor
I'll be your advisor
I'll do what I do
And you will look awayForgetting what you see
Has always been much wiser
But someone in the back is missing what I sayGot a complaint in the system
Got a complaint in the system
Got a complaint in the system
Got a complaint in the systemWelcome to the park now
We supply amusements
Everybody rides
But everybody paysWhat good's causing problems
When no one's complaining
What good is a martyr
If no one is savedEverybody knows us
Everybody sees us
Every single child
Can tell you where we areEvery politician
Says that we are leaving
But in all this time
We haven't gone too farGot a complaint in the system
Got a complaint in the system
Got a complaint in the system
Got a complaint in the systemYou should understand it
It's not underhanded
It's really quite simple you seeThe right and the wrong of it
Long and the short of it
Black and the white of itForget the sight of it
It is so much cheaper
To be no one's keeper, trust meComplainIn the dead of the night

You can stab with a knife
But it's rare you'll ever get anywhereSo we laugh in delight
Till you turn on a light
And we scatter for the darkness
Or the corners filled with blacknessAnd we're, there, there, there, there, there, there
Where, where, where, where, where, where
There, there, there, there, there, there
Where, where, where, where, where, where, there
