Little Miss Perfect

Sugababes

I'm the most responsible girl that I know
Never late, always on time for the show
Ask anyone around me and they'll tell you just how I am, yeah
I try to tell the truth every chance that I get
I never let the work I'm doing get to my head
And when it came to love I thought I gave it the best I had, yeah
But somewhere I missed, somewhere I slipped
Somewhere there's a couple steps that I skipped
Somehow I told myself I didn't need anyone
But look at me now
I was so busy telling everyone how good life is now that you're gone
I was so happy being out on my own
So why do I feel so alone?
How could I get this wrong?
I guess that 'Little Miss Perfect' wasn't so perfect after all
Now everything around me feels out of place
Like all four walls are closing in and there's no escape
Everyday I spent without you it gets harder to act like I'm okay
If I could take back the things that I said
If I could unbreak everything that we had
I'd put all the pieces back together again
But look at me now
I was so busy telling everyone how good life is now that you're gone
I was so happy being out on my own
So why do I feel so alone?
How could I get this wrong?
I guess that 'Little Miss Perfect' wasn't so perfect after all
Now all that I know is all crashing down
And it's the biggest shock to me
'Cause I thought I had it all figured out
So why does my heart feel empty?
I thought it was perfect but it wasn't so perfect
But look at me now
I was so busy telling everyone how good life is now that you're gone
I was so happy being out on my own
So why do I feel so alone?
I was so busy telling everyone how good life is now that you're gone
I was so happy being out on my own
So why do I feel so alone?

How could I get this wrong?
I guess that 'Little Miss Perfect' wasn't so perfect after all
