## Doves

They're throwing rocks and paving stones  
So lets go while we can  
Put your finger on the map  
Who cares where it lands  
'Cause we're all better off in New York  
On the road and out of town  
We're moving on again  
Everything they say is true  
This city is insane  
Every possibility  
Nothings left to chance  
They're throwing rocks and pavings stones  
Who says it has to last?  
On the run till we're caught in New York  
'Cause we're all better dead than be caught  
Maybe best not to talk till New York  
'Cause we're all better off in New York  
On the run till we're caught in New York  
In New York  
On the run till we're caught in New York  
On the run till we're caught in New York  
On the run till we're caught in New York
