

Baby It's You

Curtis Mayfield

I hear the clock on the wall, here comes the night
We got all the love in control to make it right
With you, baby, bless your soul
You know, you keep a man from getting oldBaby, it's you
Baby, it's you
You, babyI breathe the air, sweet perfume, we see the moon
Misty shadows mold your body in the room
All through the years, far as I can see
It's me loving you and you loving me.Baby, it's you
Baby, it's you
You, babyAll in your arms is a wonderful thing
A natural sensation as my body sings
We're two groovy people
Baby, you don't know
Dancin' to the music
Movin' to and fro
Just layin' my face upon your breast
Floats me above the world
And I must confessBaby, it's you, you, you
Baby, it's you, you, you
Baby, it's you, you, you
You, you, you, you, you
Baby, it's you, you, you
Baby, it's you, you, you
You, you, you, you, you
You, you, you, you, you
You, you, you
Baby, it's you, you, you
You, you, you
Baby, it's you
You, you
You, baby.
