Deceiver

The Ghost Inside

You are the deceiver, no excuse for the years you went cold.
Spreading words like fire, to build an army.
Just to watch them burn.
You want to watch them burn. You can't trust this.
All these false prophets stand before me.
Spitting venom just to make you all believe.
So full of hate and negativity.
It's not the answer, it won't set you free!
You are the deceiver, no excuse for the years you went cold.
Spreading words like fire, to build an army.
Just to watch them burn.
You want to watch them burn. You can't trust this.
Suffocated by the air that you need.
Never leaving the cold. (Never leaving the cold!)
Sacrificing everything you could be, because it's what you been told.
When you look in the mirror, what do you see?
Tell me what you see. What do you see?
Was it everything you thought that you wanted to be.
I'll reclaim everyone you betrayed because the tides will change,
When you've been sent to your grave!
Overturn the throne, You chose a side doomed for failure.
Overturn the throne. Im here to turn the tides of war.
Your running with the wolves
Inflicting fatal wounds
Your just a naysayer, that will never be me.
