Chinese Song  
Microphone Testing, 1, 2, 3  
In the place to be  
Whats up everybody  
My name is Tai Mai Shoo  
And I am going to rapping for you today  
just a little free-style  
But first and foremost I like to thanking roadie styles  
Beyond compare  
for getting my belt back and helping me promotion my fuse  
and in return  
I will teach them how to make 1 million dollars  
wow, and when you hear it you will be like wow, i dont believe  
so simple  
no skills involed at all I could have falled that myself  
and then he say what, what the hell?!  
I dont believe  
check it out though  
I was cruisin down the street in my Impala  
they asked me who the girl in tha car  
thats just my baby momma, dont give a fuck about da hoes  
i sock that bitch in tha jaw  
cause i despise and put the nail in that ho  
cause im too sick, gimme the heebjeebees  
break in all the houses, steal all your tv's

kick your daddy in the peepee  
yea as u can see see  
i run around the corner and laughing, hee hee, hee hee  
put ur mama in a headlock, or a full nelson  
then i let your neighbor watch  
chinese food and girls  
and then i raped his mama  
cause im too sick  
and that bitch didnt giv no-o shit  
now back in my Impala  
sick ass 82  
saw my friend young  
his first name is egg foo

a lot people dont like me  
but I dont give a fuck cause I stole your tv  
its in my fucking collaleena  
I wish today was Sunday  
so I can get a cheeseburger for  
39 Cent! at McDonalds, baby!  
and I, wish it was Wednesday  
so I could get a hamburger for  
29 cent! at McDonalds  
(baby!) at McDonalds!
