

Beckon

Girls Say Yes

If I could only testify
To every thought, word and deed I ever had
Could I justify my own life
If I could only live by
Every taste, smell, sight and sound
Do you think then
I could believe in myself

Now I feel like I am drowning
I feel like I am drowning
I feel like I am drowning
In a sea of loneliness
and your unreachable shore
Beckons me on
Your unreachable shore
Beckons me on

Are we whispering secrets in ancient languages
Never spoken
Or am I just a howl echoing in the night
Have I ever met you before
When I see you again, or is this all coincidence
Will we magnify all we assumed from the start

Now I feel like I am drowning
I fell like I am drowning
I feel like I am drowning
In a sea of loneliness
and your unreachable shore
Beckons me on
Your unreachable shore
Beckons me on

And in this darkness
It's only your light that beckons
In this darkness
It's only your light that beckons
It's only your light
It's only your light

Passive, possessive, obsessive
I could be all those things I know
Maybe I'm just guided
By unbelievable truth
Yearning, learning and burning the bridges
That lie before me when I sin
In spite of it all just to show you I could

Now I feel like I am drowning
I feel like I am drowning
I feel like I am drowning
In a sea of loneliness
and your unreachable shore
Beckons me on
Your unreachable shore
Beckons me on

And in this darkness
It's only your light that beckons
In this darkness
It's only your light that beckons
It's only your light
It's only your light
