Glorious

Ever Stays Red

I can feel the way you are and I want more
Like a warm summer rain or the quiet after a storm
Rain down on me Your glory, Lord
Let my heart know the wonders of Your ways
Cause I remember being lost and alone
But before you now, I find myself with hope
Hope to dream of endless fields
And waves of green and be taken away
I'm taken away with YouAs I look up at the sky on this glorious night
I can sense You here with me
Oh, I couldn't count the times I've allowed this sky
To remind me that You are glorious
God, You are gloriousIt seems every single day I'm amazed
At the way this world reveals Your love
I couldn't ever find the words
To explain the ways in which You are glorious
God, You are gloriousAnd daily I will let my life be a tribute
To the ways in which You are gloriousI wanna live in You
I wanna breathe in You
I wanna be all the things You've called me to
I wanna stay in You
Put my faith in You
I wanna let my life reside in You
Let glory rain down on me
Let glory rain down on me
Let glory rain down on me
Let glory rain down on meAs I look up at the sky on this glorious night
I can sense You here with me
Oh, I couldn't count the times I've allowed this sky
To remind me that You are glorious
God, you are glorious
And daily I will let my life be a tribute
To the ways in which You are gloriousGlorious
God, God, You are glorious
Daily I will let my life be a tribute
To the ways in which You are glorious
