With Open Arms

Rachelle Ferrell

I heard that she hurt you
she broke your heart
They said that you just
broke down and cried
I couldn't believe it, boy
Cause you were the lover
Casanova
God's gift to this world
And no one girl could ever tie you down
At last the shoe is on the other foot
And I know just what you've been going thru
Cause I'm still here waiting for you!With open arms
I receive you
Holdng my heart in my hands
With open arms
I will relieve you
From every day in every way that I can
With open arms
With open armsI know that you're lonely
I'm lonely too
And Lords knows I still really love you
Cause you are the only
the one and only man for me
And I'm the woman that you need, yes
A million tears would not change my mind
You see, it doesn't matter what you do
I'll be right here waiting for you!With open arms
I receive you
Holdng my heart in my hands
With open arms
I will relieve you
From every day in every way that I can
With open arms
With open arms
