

# Blissed (Sadlands Demo 2012 Mix)

## Smashing Pumpkins

In bliss, what is missed?  
What is got, forgotten?  
Obviously, I can't see.  
Everyone is laughing...  
and sayin' "come on outside, and play". Beauty is what it is,  
and of the eyes it seems.  
Fear of what I would do,  
if I was your brother....  
and take your blues,  
go away.  
Do what you will,  
say what you want to say,  
and I'll obey yeah. In bliss, what is missed?  
What is got, forgotten?  
Honestly, I can't see,  
but everyone is laughing...  
and sayin' "come on outside and play".  
Do what you will,  
say what you want to say,  
and I'll obey yeah.
