Sebadoh

It's time to live inside
But don't complain of need to hide
The air is all expandable
[Incomprehensible]Wander 'round the bend
While we are trying to beginVision lifelong wasted meaning
Explain, please expand upon
Clearing out the closets
And nothing's what we need to buildIn the first place you're alright
The way you are, the way you are
Grabbing all success begins
Where you thought it would all endDon't complain, just clear away
Take off your shades
And put them awayYou're okay, you're okay
You're okay, you're okay
You're okay, you're okay
It's okay, you're okay
