

# In the Water

**D.D Dumbo**

In the water the squidling be dancing  
From above the water there's no life to see  
For so long I only ate plankton  
But now that I'm dying the nekton eat me Oh sweet life  
It was hard but it was alright In the water my body is ending  
From above the water there's no life to see  
For so long I only at plankton  
But now that I'm dying the nekton eat me. Oh sweet life  
It was hard but it was alright  
Oh sweet life  
It was hard but it was alright
