Lucky

Hoobastank

I knew how it felt to be
Another one in need of someone to show the way
Until you saw a part of me
That nobody else could see and my life hasn't been the sameYou make me feel lucky as I can be
You make me feel lucky as I can beBefore I couldn't get a break
Never had a chance to make the impressions I want to
But now it falls right into place
When I get to see your face then there's nothing that I can doYou make me feel lucky as I can be
You make me feel lucky as I can beNo more dark days, only sun rays
No more hard ways with you todayYou make me feel
You make me feel lucky as I can be
Lucky as I can be
Lucky as I can be
