Kiseki

Digimon Adventure 02

I Will Wait
One More Day
And I Will Only Love You More
I Feel So Much Already
It's Hard To Put It Words
And The Days
That We Share
Make A Trail For Us To Follow
Was Our Meeting Just By Chance
Or Meant To Be
The Miracle Of Love
Has Joined Us And
Together We'll See
That The Future Is Here
And We Are Just Like Ki-Se-Ki
The Miracle Of Love
Is You And Me
Walking This Road
Together We Are Living
And We're On The Right Track
Oh, Kiseki!
[Chorus:]We Went Through A Bad Night
We Still Saw The Sunlight
Even When I Lost My Way
You Showed Me How To Find
The Miracle Of Love
Oh Oh
The Miracle Of Love
Oh Oh

We're Following The Stars
We're Guided From Above
We're A Miracle Of Love
Happened To Us
I Remember
Every Single Precious Day
And When I Called You "Baby"
Your Eye Looked Like The Moon
The Days That We Share

Make A Trail For Us To Follow
Oh, Was Our Meeting Always Meant To Be
The Miracle Of Love
Is You And Me
Walking This Road
Together We Are Living
And We're On The Right Track
Oh, Kiseki!
[Chorus]For The Next Ten Years I'll Make You Smile
For A Hundred Years I'll Bring You Joy
A Thousand Years I'll Hold You Close
Until The End Of Time - I Will Never Leave
All I Want Is What We Are
Living In Eternal Love
And Sharing This Amazing World
Sharing This Amazing World
Sharing This Amazing World With You
Oh, Kiseki!
[Chorus]
