

# New Love (feat. Liz Akhavan)

## Chase Coy

I was sitting in a coffee shop  
When you walked in and my jaw dropped  
At the cutest smile in the world Yeah I know that we just met  
But it's too late cause I am set  
On making you my girl Who need true love?  
Baby we've got new love!  
Maybe that's enough  
I know, starting out is tough  
But we've got time love  
And you can have all my love  
If you want it, girl I know  
That we have got a lot ahead of us When you walked in and I looked up  
We're staring down mu coffee cup  
I knew you were, the one  
And I know it's weird to think about  
But I swear to god the sun came out  
When you said hello Who need true love?  
Baby we've got new love!  
Maybe that's enough  
I know, starting out is tough  
But we've got time love  
And you can have all my love  
If you want it, girl I know  
That we have got a lot ahead of us And now. What can I say?  
I've had too many chances and let them slip away!  
And now, what can I do?  
I guess I'll just place my bets on you 'Cause who need true love?  
Baby we've got new love!  
Maybe that's enough  
I know, starting out is tough  
But we've got time love  
And you can have all my love  
If you want it, girl I know Who need true love?  
Baby we've got new love!  
Maybe that's enough  
I know, starting out is tough  
But we've got time love  
And you can have all my love  
If you want it, girl I know

That we have got a lot ahead of us
